1. Ref: Application No/Licence No: QMS/TMP20260510172
2. Validity (In case of licence): NA
3. Name and address of the Applicant/Licensee:
M/s Sulit Metals and Alloys Private Limited
Plot No 19 - P2 Sy No 27 And 35 Kudumalakunte Village,
Kasaba Hobli, Gowribidanur 2nd Phase Industrial Area,
Gowribidanur Taluk, Chikkaballapura Dist, Karnataka 561208. India
3. Technical Area: Manufacturing and Erection of Steel Girder
5. CPA Code(s): 25.11
6. Objective of the Audit : For Certification/Re -certification/Surveillance/Special audit Stage 1

Certification: Stage 1 Objectives:

The objectives of stage 1 are to:

1. Review the client's management system documented information;
2. evaluate the client's site-specific conditions and to undertake discussions with the client's personnel to determine the preparedness for stage 2;
3. review the client's status and understanding regarding requirements of the standard, in particular with respect to the identification of key performance or significant aspects, processes, objectives and operation of the management system;
4. obtain necessary information regarding the scope of the management system, including: — the client's site(s); — processes and equipment used; — levels of controls established (particularly in case of multisite clients); — applicable statutory and regulatory requirements;
5. review the allocation of resources for stage 2 and agree the details of stage 2 with the client;
6. provide a focus for planning stage 2 by gaining a sufficient understanding of the client's management system and site operations in the context of the management system standard or other normative document;
7. evaluate if the internal audits and management reviews are being planned and performed, and that the level of implementation of the management system substantiates that the client is ready for stage 2.
8. Any other requirements, if necessary.

Certification: Stage 2 Objectives:

This shall include but not limited to:

1. information and evidence about conformity to all requirements of the applicable management system standard or other normative documents;
2. performance monitoring, measuring, reporting and reviewing against key performance objectives and targets (consistent with the expectations in the applicable management system standard or other normative document);
3. the client's management system ability and its performance regarding meeting of applicable statutory, regulatory and contractual requirements;
4. operational control of the client's processes; internal auditing and management review; management responsibility for the client's policies
5. Any other requirements, if necessary.

Short-Notice/Special Audit Objectives:

1. Investigating complaints,
2. Responding to changes within the certified organization,
3. Following up on suspended clients.
4. Any other requirements, if necessary.

8. Audit Criteria/Reference Documents

- a) IS 9001:2015
- b) Policy, documents and statutory/regulatory requirements and records given below:
 - i) Quality Policy and documents
 - ii) Quality Manual and Procedures
 - iii) Work Instructions and Records
 - iv)

9. Audit Team (Roles & Responsibilities of auditing personnel are given in MSC-G6.3-02). All auditors and experts have signed the confidentiality statement.

S. No	Name	Status
1.	Tilak Raj	Auditor

10. Audit Methodology

- a) Physical observations including site observations,
- b) Interviews and discussions
- c) Document reviews,
- d) Direct measurements, if needed

11. Working and Reporting Language of Audit

English in general; some interviews may be carried out in Hindi/local language.

12. The audit will be carried out at a place convenient to auditee and the auditor mostly at the office of the auditee. If the audit requires visiting various parts of the site, the auditee is requested to extend all the required assistance. The audit plan given below provides a broad guideline; changes in the plan be effected by mutual agreement between the auditor(s) and the auditee. A brief audit report would be submitted by the Team Leader to auditee. The audit report will cover NCs raised, closed, pending, observations on conformity of the organization's management system with certification requirements and its effectiveness and conclusion/recommendation of the audit. Any audit follow-up actions will be discussed with the auditee during closing meeting. Guides/observers/consultants/persons other than auditee should not influence or interfere with the conduct of the audit.

13. Audit Schedule (include meetings with the auditee's management and audit team meetings): To be attached
A typical audit schedule is given below for guidance.

14. Audit Plan Matrix is enclosed for the reference of audit team members.

NOTES:(For Team leader/Lead auditor)

- 1) An auditor day is typically a full normal working day of 8 hours out of which 7 hours should be spent on actual audit
- 2) Frequent auditors' meetings may be required & accordingly Team Leader may organize these meetings.
- 3) Team Leader to observe the performance of auditors/auditor-in-training/sub-contractors /experts spending half an hour for each of the team member during the audit. Similarly, lead auditor should observe the performance of the team leader (under training) spending half an hour during the audit. Accordingly, the audit plan should be prepared. The team leader/lead auditor shall mention the above in the audit plan preferably only in the copy of the audit plan to be submitted along with the audit report to BIS.
- 4) The tentative audit plan shall be communicated to auditee in advance with audit objectives, audit criteria, audit plan and audit team composition and the plan shall be agreed to before the audit. If any change in auditor takes place subsequently, it shall be informed to the auditee prior to audit dates. The nomenclature of departments/functions reported for, in the audit matrix shall be same as that given in the audit plan. Justification need to be given if for any change in nomenclature by clubbing/splitting of functions/processes/departments.
- 5) In the case of multi shift operations, EMS audit may be planned in other shifts too to verify controls. In the case of QMS, all processes for products/service realizations to be covered even when it is operated in shifts. In case only one shift is audited, which covers all processes their controls in other shifts and justification for not auditing other shifts to be suitably reported.
- 6) The audit plan shall include organization specific processes and products to be assessed.
- 7) The audit plan for OHSMS shall include activities, products and services within the organization's control or influence that can impact the organization's OH&SMS performance. Temporary sites, for example, construction sites, shall be covered by the OH&SMS of the organization that has control of these sites, irrespective of where they are located.
